ABOUT ME

Results-driven B.Com (Computer Applications) student and web developer with hands-on experience building responsive websites using HTML, CSS, JavaScript and Python, backed by digital marketing skills. Delivered live websites for a dance academy and a college professor, turning real-world needs into clean, mobile-friendly interfaces. Eager to contribute to a software IT team as a fresher while growing through continuous learning and collaboration.

EDUCATION

B.Com (Computer Applications) *(Pursuing)*
Sri.S Ramasamy Naidu Memorial College, Sattur *Jun 2024 – May 2027*
Completed a web development certification covering HTML, CSS, Python, C and RDBMS. Worked on web projects, responsive pages and team presentations, strengthening communication, teamwork and problem-solving skills.
